WHY APPLY FOR THE BALDRIGE AWARD?

APPLICATION to your state or the national Baldrige program is a powerful mechanism to get expert feedback for your organization’s improvement.

ANNUAL Baldrige-based assessment gives your organization a fact-based evaluation and improvement cycle, with comprehensive feedback on whether you are achieving your goals, overcoming your challenges, and accelerating your progress toward high performance.

FAST TRACK TO EXCELLENCE makes using the Baldrige criteria for your award application, and using the feedback for your breakthrough improvements, both practical and achievable.

FOUR REASONS TO USE THE NAVIGANT FAST TRACK TO EXCELLENCE

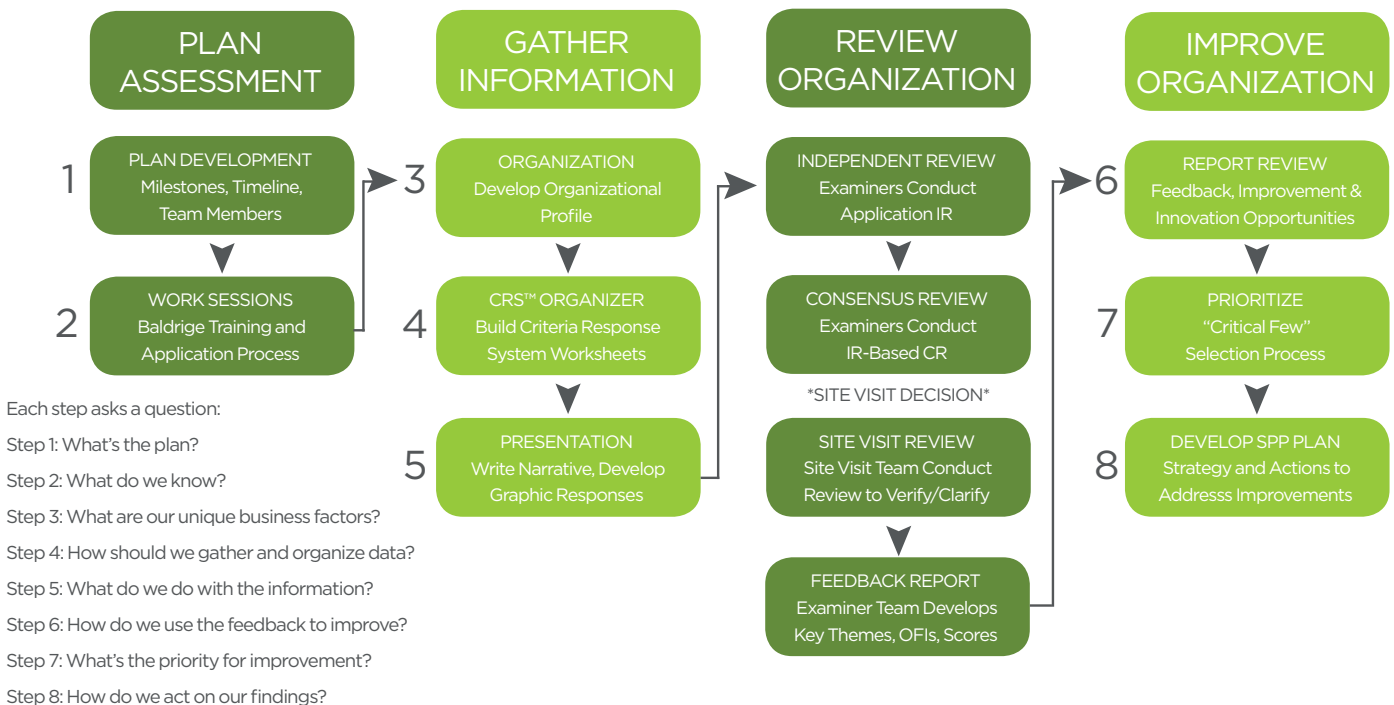

REASON ONE: IT’S A ROADMAP

Fast Track to Excellence follows the PDCA (Plan, Do, Check, Act) cycle for continuous improvement and covers the entire Baldrige application and feedback process. It begins with developing a plan, then moves to gathering information, organizing the information into an application, submitting it for external review by expert examiners, and finally receiving and using examiners’ feedback to take action and make improvement.

REASON TWO: IT’S AN ACCELERATED, WELL-DEFINED 8-STEP PROCESS

Our workshops and tools translate the criteria into simplified language with hands-on training that uses practice examples from your organization to facilitate higher-impact learning. Our Criteria Response System™ worksheets and software reduce the time to develop an application by half, and focus your organization’s resources on improvement—where the Baldrige ROI is realized. See diagram:

BALDRIGE APPLICATION AND IMPROVEMENT 8-STEP PROCESS

REASON THREE: IT INCLUDES EASY-TO-USE PROPRIETARY TOOLS

The Fast Track to Excellence process inventory ensures selecting knowledgeable workforce members for category teams. Customized CRS worksheets ensure compiling the appropriate type and amount of data and help you organize it into robust responses that are tailored to how examiners think. As a result, these methods promote the most accurate and useful feedback and the highest score you deserve.

REASON FOUR: IT HELPS YOU USE FEEDBACK TO MAKE IMPROVEMENT

Fast Track to Excellence addresses how to analyze and use your feedback to identify, develop, and deploy improvement plans, including the critical few priorities based on your organization's goals and challenges.
